Improvisation Classes:

Ever get into a rut, doing the same old moves, wondering what to do to "spice them up"? In these classes, we will learn a set of movements choreographed to a specific phrase in a song. From that point, leaders and followers will be given variations to use within the patterns, allowing you to "personalize" that phrase with the movements that you like, and work for you. By the end of the workshop, we all have different variations of the same patterns, and we will not look like "clones" on the dance floor. These workshops will contain elements of choreography, body movement (rolls & ripples), syncopations and musical interpretation. Workshop II will build on Workshop I.
